JWST Project	
Meeting Notes #10 (due 05/03/23)	
Instructor: McCleary	*Student: Eddie Berman*

1. PSF interpolation and Pixel Grid *mostly* done
2. Read Paper
3. Still to do- adapt program to accept real data using Source Extractor or other means, start testing, understanding p-value errors and power spectrum analysis
4. misc. hiring stuff

Pixel Grid

FIGURE 1: Pixel Grid Results

Reading

Old textbook , Mathematical Statistics and Data Analysis
Assigned Paper
